SECOND ANNIVERSARY

MUTUAL BENEFIT READING CIRCLE HOLDS SPECIAL MEETING

The Mutual Benefit Reading Circle yesterday celebrated the second anniversary of its organization at the home of Mrs. Charles H. Toll, who has served as leader since its beginning.

As it was a special occasion, a program of music and short talks preceded the regular work of the Circle, occupying the morning session. The audience sang "America," accompanied by Mrs. J. S. Jackson. Mrs. H. H. Faries gave in her own clever, distinctive fashion, a group of pianologues, satires on the foibles of both sexes. Mrs. Harry Peterson pleased her hearers with two delightfully contrasting piano numbers, Chopin's "March Military" and Dvorak's popular and dainty "Humoresque." Mrs. John W. Cotton, a recent arrival in Casa Verdugo, gave a group of songs in a beautiful rich contralto voice, and won the audience at once with the sympathetic, delightful quality of her tones. She sang "At Twilight," by Metcalf, "A Li'l' Bit of Honey," by Carrie Jacobs Bond, and "Got to Practice," by the same composer. Mrs. N. C. Kelley accompanied the singer in her usual efficient manner.

Mrs. Toll then gave a report of the Circle's work during the year just closed. She stated that 108 members had enrolled, there being 70 doing active work at the present time. There have been 171 guests in attendance, these having come from twenty or more different towns in the United States and Canada. Forty-three meetings have been held in 1917-1918, and eighty-nine in all since the beginning. The average attendance for the past six months has been thirty-six.

During the past year the Circle has read and reviewed "Training the Boy," "Training the Girl," "The Training of the Human Plant," "Childhood," and a part of "Ethics for Children," which book is now engaging their attention. Besides these books, the Librarian, Mrs. R. T. Burr, has issued 477 books and pamphlets from the loan library of the Circle to the members throughout the year.

The leader also reported active cooperation in the Red Cross work, as they are knitting and sewing at all meetings, besides bringing salvage and conservation garments at every meeting. Some charitable work has also been done this year.

The Circle is interested in the High School Bureau, having two members, Mrs. Harry Duey and Mrs. H. D. Lockwood, who co-operate with the Bureau in their work.

A "Recipe Bureau" is maintained in the Circle, and tried and valued recipes for meatless, wheatless and

A BUDDING ARTIST

MISS MERVA SCOTT TO APPEAR AT THE MAJESTIC THEATRE FRIDAY EVENING

Miss Merva Scott, daughter of Mr. and Mrs. B. F. Scott of 1312½ Lomita avenue, will make her first appearance on the professional stage as a fancy dancer Friday evening, March 1st, at the Majestic Theatre in Los Angeles. This item of news should be of interest to her many friends in Glendale who will probably wish to witness her debut.

Miss Scott is the daughter of a professional singer, her mother having a great reputation as one of the pioneer musicians of Southern California. Merva won many honors in the High School last year as a debater, but feeling the call of her chosen career, gave up her High School work and placed herself under the instruction of Madame Matilida, who is training her for the stage. Merva has worked very hard and has covered eight months' work in three. She has entered upon a three-year course and if her enthusiasm and strength hold out, should accomplish wonders in that time.

She has been engaged for quite an important part in an opera by Professor Coleman, on which rehearsals will soon begin and which will be given its initial production at the Majestic.

Interpretative dancing will be one of the things on which she will focus her talents. She has already specialized to some extent along that line and seems to be peculiarly fitted to illustrate in that way the old songs, such as "Ben Bolt," "Coming Through the Rye," etc.

She is a young girl of great promise whom Glendale is proud to claim.

NEWS FROM THE FRONT

INTERESTING LETTER FROM HOLMAN PAGE MIDCALF FROM SOMEWHERE IN FRANCE

This paper is indebted to Miss Clara Midcalf for the following very interesting letter from her brother, Holman Page Midcalf, who has been in France since November 1st. He is in Company D of the 117th Engineer Corps, of the Rainbow Division.

Somewhere in France,
Jan. 26, 1918.

My Dear Sister:

Have just written a letter to Addie and now I will tell you how pleased I am with all my Christmas gifts. I sure did get a lot of them, all came in perfect condition. The sweater is a dandy, the best in the company, and I think it's too good a one not to have sleeves. Tell Alice to make a pair and send to me. I will get some nice old French lady to sew them in for me. Make them of double yarn, like the sweater. All the other knitted things, muffler, wristlets, socks and kneelets, are fine and dandy. I am well supplied with everything now—am very comfortable.

I was so lucky as to receive two Red Cross packages, one from Londonville, Ohio, and one from California. The contents were much appreciated. The tobacco I gave to my "bunkie," but not the money order. Oh, no, "nothing doing" on parting with that. Will you not give to the Glendale ladies of the Red Cross my sincere thanks and earnest appreciation?

Since coming over here I have seen much of France, more than I expected to, we have moved about so many times. We came to this place last Friday. I was not on duty Sunday so with three "pals" went for a little hike of fifteen miles or so, taking in three small towns. The first burg was smaller than the one where we're stationed. The next was one of fair size. We found there a hospital for French soldiers and cared for by English nurses. One of the nurses took us through the building—very interesting, but oh so pitiful. I will tell you of only one soldier-patient. I must not give his name, but can say he is an artilleryman of the French army. He is about twenty-one years old and speaks quite good English. He has been there a month, his right arm having been badly torn by a German shell. This is the third time he has been injured and he will go back to the trenches as soon as he is able, by another month's time, he thinks. In spite of all this, he is so brave and anxious to help save his dear France. I had my kodak with me (the one you folks sent me) and I took his picture. Will send him one, and you too, if it will pass censorship.

The English nurses were so very nice, I certainly enjoyed talking to them. They were pushing a cart full of wood, so we fellows took the load

(Continued on Page 2)

A STRAW VOTE ON STREET RENUMBERING

Many citizens appear to think that renumbering Glendale streets is essential to the best civic progress. Others consider it merely desirable, while still others say it is neither essential nor desirable on account of the descriptions in deeds and other inconveniences of readjustment aside from the inconsiderable cost, 5 cents a figure or letter.

The existing condition as to north and south numbering is often quite embarrassing, since Tropico became part of Glendale. So there seems to be no doubt that the north and south numbering should be changed.

It seems that the present system of numbering on the streets running east and west has not retarded the natural growth of the city.

But because of considerable differences of opinion, why would it not be well to have an informal ballot to ascertain as nearly as may be the general consensus of public opinion, the voters being all residents of Glendale who are of age. Wooden boxes might be set in prominent stores or other convenient places, with paper ballots which any one could get, fill out and deposit in any box, giving name, residence and location of property owned, and also state where the renumbering should begin, if renumbering is desirable.

A week or more might be allowed for casting such ballots or, if preferable, such ballots might be all cast on the next public election day, the boxes not being in the official voting places.

In some such way the people might at least share the responsibility with the City Trustees who, doubtless, would like to do just what a majority of the people wish, as nearly as such a straw vote would indicate.

WALT. LE NOIR CHURCH.

FOREIGN ENVOYS LEAVE PETROGRAD

AMBASSADOR FRANCIS BELIEVED MAKING HIS WAY TO PACIFIC TO SAIL FOR SAN FRANCISCO

(Special Service to Glendale Evening News)

PETROGRAD, February 28.—The American envoy left Petrograd last night for Valodga accompanied by the Japanese, Brazilian and Siamese envoys. It is believed that Ambassador Francis is making his way to the Pacific to sail for San Francisco. American interests it is believed are being looked after by the Norwegian envoy.

HENEY ASKS CONGRESSIONAL ACTION

WOULD PUT IT BEYOND THE POWER OF JUDGES TO BLOCK GOVERNMENT INVESTIGATION

(Special Service to Glendale Evening News)

WASHINGTON, February 28.—Federal Trade Commissioner Francis J. Heney, who has been hampered in his packing house investigation by a writ of a federal judge in Chicago, wants Congress to put it beyond the reach of judges to block the government in examining the necessary papers in such cases.

In an open letter to the commission he pointed out that the writ of error by the Chicago judge delayed the examination of important papers in the packing house probe.

"The law draws no distinction between a silk hat anarchist and a red shirt anarchist," Heney said.

His letter was forwarded to the Senate with a letter from the commission suggesting that such congressional action be taken as may be deemed necessary.

JAPAN READY TO PROTECT SIBERIA

HAVE 200,000 SOLDIERS READY TO PROTECT ALLIED INTERESTS AND SUPPLIES

(Special Service to Glendale Evening News)

WASHINGTON, February 28.—If America sanctions the move, Japan will have 200,000 troops in Siberia in two weeks to protect allied interests and the vast supplies stored there. Shortly afterward, 600,000 more troops will be available for service, it was stated on high authority today.

It was emphasized in diplomatic circles that Japan will not act in this matter without the approval of the allies and the United States. Meanwhile, the State Department is silent as to its policy.

The opinion in diplomatic circles is that the allies are awake to the necessity of permitting Japan to go into Siberia to meet the German menace.

SELECT SITE FOR STATE FARM COLONY

CHOICE RESTS BETWEEN SAN JOAQUIN VALLEY AND SOUTHERN CALIFORNIA FOR SECOND UNIT

(Special Service to Glendale Evening News)

SACRAMENTO, February 28.—The selection of the site for the second unit of the State Land Colonization farm is receiving the attention of the State Land Settlement Board. In all probability, the second site selected will be in the San Joaquin valley or in Southern California. Under the land colonization plan the farmers are sold land by the state and are given 20 to 36 years to pay for it. At all times they are under the protection of the state.

AUSTRIANS REFUSE TO FIGHT RUSSIA

COMMANDERS CONCENTRATE 200,000 LOYAL GERMANS IN THE DUBNO DISTRICT IS REPORT

(Special Service to Glendale Evening News)

PETROGRAD, February 28.—The Austrian troops have refused to advance against the Russians in Volhynia. German and Austrian commanders, hearing the Austrians would not fight, have concentrated 200,000 loyal German troops in the Dubno district. Reports of growing disobedience among the German soldiers at Orsha are heard. Field Marshal von Hindenburg, now at Dvinsk, has ordered operations at Orsha halted.

SOLDIERS SENTENCED TO DEATH

FOUR AMERICANS CONVICTED OF SLEEPING AT THEIR POSTS FACE DEATH PENALTY

(Special Service to Glendale Evening News)

WASHINGTON, February 28.—Convicted of sleeping at their posts, four American soldiers in France have been sentenced to death. The sentence has been approved by Gen. Pershing, but must be reviewed by the war department and passed upon by President Wilson before the sentence is carried out. The names of the soldiers are withheld.

SERBIAN CABINET QUITS

(Special Service to Glendale Evening News)

LONDON, February 28.—The Serbian cabinet has resigned, according to dispatches from Corsu, it was reported here today.

A WORK DRIVE

RED CROSS AUXILIARY AT GLENDALE'S GATEWAY MAKING A RECORD OUTPUT

The Tropico Red Cross Auxiliary has been having a thirty-day work drive in common with other auxiliaries of the Los Angeles Chapter to see how large a product it can turn out in that time. The drive began February 7th and has about a week to run. Any one willing to help swell the returns will be made very welcome at the Monday afternoon or Thursday evening sessions in the City Building at Brand and Tropico avenues.

Work is beginning to come in. Mrs. Bacon, the chairman, reports that the ladies, the girls, even the little boys, are doing fine work. The little boys are knitting washrags for the Sammies. The stock already turned in includes the following articles:

27 handkerchiefs,
36 napkins,
13 muslin hospital shirts,
10 pairs of pajamas,
7 pairs of bed socks,
12 convalescent robes,
23 sweaters,
13 pairs of wristlets,
13 helmets,
20 pairs of socks,
1150 surgical dressings.

The surgical dressings department which is under the instruction of Mrs. William Harvey, Jr., and Mrs. Charles Barker, who acts as her assistant, is doing an excellent amount of work and maintaining a high standard of quality.

The Junior Red Cross which has been organized in the schools will be under the nominal direction of the local Auxiliary. Work has begun there, but none has yet been turned in. All the girls in one grade are knitting sweaters from yarn furnished them by the Auxiliary.

EXEMPTION BOARD NOTES

Chairman Lanterman is sufficiently recovered to be at his post this (Thursday) morning. With Mr. F. L. Muhleman, his associate on the Board, he reviewed a number of matters referred to them by the Department of Justice.

The Board has just been advised that its decision placing Sterling M. and Virgil Thrasher, brothers, of Burbank, in Class 1, has been sustained by the District Board of Appeal. These young men are the sons of a prominent and wealthy farmer in Burbank and have assisted him in the cultivation of large ranch holdings. They have married since the draft and appealed for exemption on agricultural grounds and because of dependents.

Six men will go forward Friday under special induction from this district, viz.: Henry A. Reif of San Fernando, Ward Hinkle of San Fernando, James Huston Barber and Joseph Ellett Brown of San Fernando but now of Los Angeles, who have all gone to Camp Fremont at Palo Alto to the 319th Engineers, known as "The Pioneers."

Elmer C. Hoffman of Glendale goes to Fort Douglas, Utah, to an engineering corps and will be ultimately sent to the 37th Engineers at Fort Meyer, Va. He is experienced as a plumber and has enlisted for metal work.

Starr Hewett Barnum of La Canada goes to the Spruce division at Vancouver Barracks.

GLENDALE WELCOMES THREE NEW ANNEXATION DISTRICTS

Petitions have been received from three new districts requesting annexation to the City of Glendale.

The districts are known as the Arden Avenue District, taking in both sides of Arden avenue from Brand boulevard nearly to Columbus, adjoining the present city limits on the north; the Kenneth Road District, embracing territory along Kenneth road and Grand View avenue, adjoining the newly annexed Grand View District; and the Valley View District, consisting of the territory between Fifth and Seventh streets and San Fernando road and the present western city limits.

The petitions are signed by a large percentage of the voters of the various districts, in one case it being unanimous, every registered voter in the district having signed.

The residents of these adjoining sections are rapidly realizing the advantages to be gained by becoming part of the City of Glendale.

It is found that the saving effected on the charges for water and electricity more than offset the increase in taxes, beside the many benefits gained in the way of street lighting, street maintenance, tree planting and maintenance, fire protection, garbage collection, library service, etc.

LIBRARY BETTERMENTS

NEW QUARTERS AT BRAND AND TROPICO AVENUES MUCH APPRECIATED BY PUBLIC

The Branch Library in the City Building at Brand and Tropico avenues, now established in its renovated and enlarged quarters, is having a sort of informal reception. Every patron is delighted with the change and wants to inspect it thoroughly. Mr. Charles Cushing, the librarian, is only too delighted to exhibit and explain it all and everybody is happy. He is now established at his desk in the center of the space given to library uses in what was formerly the front hall of the building, the rooms on either side having been thrown into it by the removal of partitions. In the room on the north are the reference books and tables for those who drop in to read, also the shelves on which the magazines which circulate are placed. North of that is the repair room. In the other section are the cases in which are adult and juvenile fiction and, best of all, some low tables and small chairs for the little patrons of the library, who are more numerous than most people imagine. Furniture has been shifted and exchanged. One of the library tables and all of the library chairs have been turned over to the local Red Cross organization and will be used by it to excellent advantage. One long table has been brought from the main library and a smaller table is coming. On the floor cork carpet has been placed to correspond with the original library flooring. There are spaces on the walls where suitable pictures would look very well and contributions of that sort would probably be appreciated by the Library Board and patrons.

Commencing Monday next, the library will be open from 9 o'clock in the morning to nine in the evening. Assistants in the Glendale Library will have charge in the morning from 9 to 12, when Mr. Cushing will go on duty and have charge from that time on except from 5:30 to 6:30, when he will be relieved by Miss Leona Hibbert. This will increase Mr. Cushing's work by about two hours, but as his compensation is increased to correspond, he is entirely satisfied to have it so.

Mrs. Danford, the City Librarian, with the assistance of Miss Roberts, put in two days of hard work arranging the library in its new quarters and the patrons who know of her service feel greatly indebted for the labor expended and the interest shown in making the library everything that it should be to meet the needs of that portion of the city. Under present conditions it will be a more popular resort than ever.

THE NUMBERING SYSTEM

SEVERAL CITIZENS EXPRESS OPINIONS IN REGARD TO THE MATTER

That citizens generally, particularly the business men, are seriously considering the street numbering problem, is evidenced by the variety of opinions expressed by them.

C. E. McPeek, the plumber, said:

"Now that Tropico has come in, our system should be reorganized and I am of the opinion that Brand and Broadway should be the starting point from which we should number in all directions. I think it would result in less confusion to the strangers coming to town. That is what we are looking for."

Mr. Miller, the real estate operator, said:

"I object to changing the numbering. Then you will have to change the names of the streets and it will be an awful job. It works a hardship on the merchants and lots of people who have printed matter. While those things should not be given too much consideration, at the same time it amounts to a lot. Everybody knows how it is numbered now. The new people can learn it easily enough. We learned it. If you change the numbers and street names, I will have to change everything on my books and it will cost me a lot of money and I will not know where to find anything. It has cost me a solid week's work with a stenographer to check up my houses for sale by streets and numbers. I cannot see any sense in the change myself. I am interested in having people come to Glendale and having it numbered in the best possible way, but it is done now and I think we would better let it alone. It would take two years to get people familiar with the changes."

WEATHER FORECAST—Fair tonight and Friday. Westerly winds.

GLENDALE, CALIFORNIA, THURSDAY, FEBRUARY 28, 1918.

THE IDLE MAN SHOULD WORK

Why not the government adopt some plan to get all idle able-bodied men to work on the farm the coming season? Millions of army men must be fed this year who belonged to the producing class last year.

The soil is fertile, but the ground must be cultivated, the seed planted, if a crop is to be harvested. Men are needed, and why is it not right for the government to draft men into tilling the soil?

The successful production of grains and meats is truly a war measure, and should be controlled by the government. The question of securing men to work on farms is a serious one, and deserves the immediate consideration of everybody who is interested in winning the war against Germany.

DISTRICT ATTORNEY LOOKING FOR HIGHER JOB

A year ago last fall when we well-meaning citizens voted for Thomas Lee Woolwine to succeed himself as District Attorney we felt proud of our act, but now, when he has served only two-thirds of his term, he is found using his energies in seeking a higher position, it seems considerably discouraging.

California is not suffering for lack of timber for a candidate for governor at present, and this plan of taking time from present official duties to attempt to secure a bigger job should be discouraged. These are war times, too, when energies of all men should be directed in ways that will aid in winning the war.

REGISTER AT ONCE

If you have not registered you should do so at once. You can not vote at the city election, April 8, unless you register before March 8.

Among those who have authority to register you are Mrs. C. H. Bott of the Glendale Book Store, Brand boulevard, Mr. Rentfrow of the barber shop on Brand boulevard and Mrs. Myton of the Tupper-Robinson real estate office on Glendale avenue.

SECOND ANNIVERSARY

(Continued from Page 1)

sweetless days have been interchanged.

The leader spoke enthusiastically of the valuable assistance and co-operation rendered by the Glendale Library through its efficient Librarian. This help has greatly aided the members in doing collateral reading.

Guests of honor for the occasion, all of whom responded to the call of the leader for short remarks with appropriate and pleasing words of commendation and encouragement were Dr. Jessie A. Russell, President of the California Congress of Mothers, Mrs. W. A. Galentine of Redondo Beach, President of the First District (Los Angeles County) of the California Congress of Mothers, Mrs. Arthur C. Brown, President of the Glendale Federation of Parent-Teacher Associations (of which the Reading Circle is a branch), Mr. R. D. White, and Mrs. Louis Schirm of Los Angeles, Chairman of Educational Department, Los Angeles Federation of P.-T. A.

A surprise feature of the occasion came when Mrs. B. H. Nichols handed Mrs. Toll an envelope, asking her to read the contents aloud, and saying that there should always be a gift to go with a birthday. This proved to be an acknowledgment of a five-dollar check, sent to the California Committee for Belgian and French Relief in the name of Mrs. Toll. It was a delicate and graceful way of bestowing a gift, and Mrs. Toll in response stated that it proved that the women had imbibed the entire spirit of the work, which should be that which the name of the Circle implies, as one can not give to others gladly without in turn being benefited and blessed.

Tea was served by the Hospitality Committee at noon, as is the custom, also a buffet luncheon for the special guests; but Mr. Toll had added a surprise feature in honor of the occasion, ice cream and individual cakes being added to supplement the basket lunches brought by the members. A vote of thanks was given to Mr. Toll for his thoughtfulness and hospitality.

After luncheon, the guests and members reassembled to take up the regular work. All members responded to roll call with quotations from well-known authors; each of these bore some fine, helpful thought referring to the parent's relation to his child, or a bit of philosophy to help one over the rough places of life. Then Mrs. Toll read "The Perfect Tribute," by Mary Raymond Shipman Andrews. This was given to emphasize the thought of loyalty, the keynote for the ethical work of the Fifth Year child, and was suggested by the book now being read, "Ethics for Children."

Besides the guests of honor mentioned above, the following guests and members were present: Mmes. John Robert White, C. A. Lehman, A. C. Anderssen, Ella W. Richardson, F. H. Cassell, B. H. Nichols, Minnette Sherman, Frank Weetman, F. H. Clark, E. L. Lawrence, B. H. Ward, G. M. Harrison of Ocean Park, J. W. Begg, J. H. Folz, C. E. Rathbone of Venice, Ernest Willard Kimmell, D. M. Doudna, Rose Johns, O. O. Clark, J. H. Southard, W. H. Dotson, F. Eichelberger, John Bloss, D. W. Henke, Bessie W. Klimcke, Bowles, Howard Walker, Wm. Johnson, F. B. Gonzales, R. T. Burr, Geo. F. Dewey, H. H. Faries, W. T. Hall, H. V. Henry, W. R. Heustis, H. B. Howeth, J. S. Jackson, N. C. Kelley, A. P. Knight, H. D. Lockwood, O. C. Logan, A. L. Morgan, M. E. Plasterer, T. W. Sampson, O. E. Wright, Florence Kurtz, Wm. W. Stofft, James Conner, W. A. Burns, Wallace Tupper, J. H. Lord, Frank C. Ayars, F. T. Salter, Max A. Heasley, N. M. Knaus, C. C. McClean, Edna Sawyer, F. R. Stofft, S. B. Shaner, J. P. Steele, H. W. Peterson, Helen L. Smith, J. I. Wernette, W. C. Bradley, P. O. Lucas, Eileen McLaughlin, E. Riskin, A. G. Rees, Henry J. Olmsted, W. E. Hewitt, Wm. S. Porter, John A. Wright, John W. Cotton, Lillian Howes, Lydia M. Culp, H. W. Timothy, W. J. Kramer, and the Misses Ellen D. Williams, Nellie Mai Williams, Nettie E. Dewey and Travers.

SUNDAY SCHOOL CONVENTION

Many Sunday School workers from Glendale are attending the Sunday School Convention which is in progress at Pasadena. A rough census of the representation from the different districts indicates that Pomona has sent the largest delegation and that Glendale will be a close second. Pastor Snudden took quite a party, Mr. Fanset carried a load, and Mr. Clyde H. Bott conveyed a party. The names of all who went Wednesday could not be learned, but in the list were Mrs. A. M. Brooks, Mrs. Helen Salisbury, and Miss Lulu Anderson. Miss Anderson reports very interesting sessions, at which grade work for primary pupils, juniors, intermediates, seniors and adults was discussed. Addresses were made by specialists in all these departments. Miss Anderson, as a "Junior" teacher, was especially interested in the talk made by Mrs. Morehouse of Chicago. She also had the pleasure of renewing acquaintance with old friends from Colorado Springs, Mrs. Fisher and two daughters, who are now residents of Pasadena and who entertained her at dinner. Dr. Bovard was the leading speaker Wednesday evening.

GLENDALE W. C. T. U.

Members and friends, do not forget the annual all-day meeting at the M. E. church parlors tomorrow, Friday, beginning at 10 o'clock sharp. Bring your dues and a generous lunch, and all department superintendents bring your reports. Election of officers.

SPECIAL MEETING OF TRUSTEES

A specially called meeting of the trustees will be held Friday evening at 7 p. m. for the purpose of reconsidering the matter of removing two historic eucalyptus trees at the corner of Lomita and Brand. All persons interested are urged to be present on that occasion.

Mrs. E. W. Towle was entertained Wednesday afternoon at the pleasant home of Mrs. Edgar W. Pack on Adams street. The house was beautifully decorated with flowers and afternoon tea was served by the hostess.

NEWS FROM THE FRONT

(Continued from Page 1)

from them, pushed it to where they wanted it, and unloaded it for them. They were so pleased, and we were more than pleased to do it. They invited us to call at the hospital again, and we surely will.

We American boys have a lot of fun speaking like the English—"I say, don't you know," etc.

We thought we would have supper in the third town we passed through, so went to an eating place. The woman told us she had no bread. So I went from house to house to buy some. At last I got it and took it back to this country cafe. We had eggs, coffee and bread, no butter. Some meal!

We reached camp about ten p. m., very tired, but I forgot being tired when I found eight letters awaiting me. We are supposed to get mail at least once a week, but it is sometimes two weeks or more. This is the first in three weeks.

Among this batch of mail was a Christmas booklet from your school children. How good of them! Thank them a thousand times for me; tell them I hope I get a chance at the Kaiser. I'll fix him good and plenty! Tell them the English language is being taught in the French schools now. I make friends with the youngsters; they help me to talk French and I help them talk English. These French kiddies almost worship the American soldier. They always salute us as we pass them. I like them so much and have a lot of fun with them.

Have had a very bad cold but am better now. I am so glad you saw the "Rainbow pictures" and hope they will be shown in Glendale. If they are, just imagine I am saying "Hello" to you all.

Now you must not be disappointed if I do not tell you all you wish to know. It is impossible and positively forbidden to give much information.

Oh, say, tell ———— the bed socks are the best ever—don't think I could possibly get along without them.

Write often. You know there's nothing that makes a soldier happier than a letter, and I am always looking for one, and send a Glendale News occasionally. I read even the ads, lost and found, etc.

Will write again soon. With heaps of love,

Your brother,

HOLMAN.

P. S.—Don't forget the sleeves and we're always wanting socks.—H.

RED CROSS CONSERVATION SHOP, "PASS IT ON"

If you have any useful article that you no longer need, pass it on to some one who does need it. If you have bought a secondhand article from the shop and worn it out, turn it in to the Salvage Department and they will get the last good from it.

All clothing is turned over to the Junior Red Cross Conservation Department to be used directly in war relief. Gloves are sold, as further wear will not lessen their value as lining for aviators' jackets.

If you have anything for the shop that can be carried in an auto, F. C. Merrick has kindly offered to get it for us and he has already helped us in that way.

Mrs. H. V. Brown is now at the head of the shop as Mrs. Ezra Parker was taken away from us by the Knitting Department. We were very sorry to lose her, but we realized the greater importance of her new work and we knew that Mrs. Brown would see that the shop did not suffer.

There are in the shop now magazines of all sorts to suit all tastes. The prices on magazines not more than two months old have been doubled. The older ones remain at the same price, 2½c, except in the case of such magazines as Harper's, Scribner's, Century and Atlantic Monthly, which new sell at 10 c, and older at 5 c.

Mrs. Baker brought in a lot of New Thought and Theosophist magazines that should prove very tempting to persons interested along those lines.

Mrs. Brown will hereafter report the shop. M. DOUGLAS.

SPARE OUR LANDMARKS

"More ill is wrought by want of thought
Than e'er by want of heart,"

came to my mind as friends began to beseech me to use my office as Chairman of Civics to avert what they conceived to be a real calamity to the city in the removal of the two noble eucalyptus trees at the northwest corner of Brand boulevard and Lomita avenue.

The trees in question are probably older than the oldest resident living in the vicinity at the present time, and it would seem that their very antiquity would be a sufficient reason for their preservation. In most cities, the trees are the pride of the community and they are planted wherever possible. They stand for health and beauty and are in every way an asset to the city.

The eucalyptus grove in Lomita park is a landmark, a connecting link between the past and the present. They are among my very earliest recollections of this vicinity, which antedates the founding of Glendale many years, and they stand in very much the same relation to me and to many others as would a time-honored friend.

It is the sincere hope and prayer of all such that the city council will see fit to revoke the order, thus sparing to the city these ancient landmarks.

ELLA W. RICHARDSON,
Curator of Civics of the T. A. C. G.

PARALLEL CASES IN WAR HISTORY

With the food conservation campaign in full swing in millions of homes throughout the nation in a mighty patriotic effort to create a surplus of beef, wheat, fats and sugar for exportation to our armies and the fighters of the Allied nations, a striking parallel between the food situation in the Revolutionary war and that which confronts the American people today is found in excerpts from speeches delivered by George Washington in 1778 and President Wilson in 1918

Addressing the Congress January 28, 1778, General Washington, whose birthday the nation celebrated last Friday, said:

President Wilson, speaking to a congress of farmers in 1918 with food recognized as the dominant factor in winning the great war for liberty and democracy and millions doing their part in saving and substitution, said:

"Unless ample provisions are laid up in the course of this winter and the approaching spring, nothing favorable is to be looked for from the operations in the next campaign; but our arms, enfeebled by the embarrassment of irregular and fluctuating supplies, will reap no other fruits than disappointment."

"It has turned out that the forces that fight for freedom, the freedom for all men all over the world as well as our own, depend upon us in an extraordinary and unexpected degree for SUSTENANCE by which men are to live and to fight! We are fighting as truly for the liberty and self-government of the United States as if the war of our own Revolution had to be fought over again."

The Round Table Girls met Wednesday of last week and elected Miss Olive Moffatt president.

Mrs. L. B. Swartz of Newton, Kansas, has arrived to visit her father, W. E. Blythe, of East Tenth street, who has been very ill and is in a critical condition. She is a sister of Mrs. S. A. Davis of 525 Central avenue.

Members of Chapter L of the P. E. O. enjoyed a very pleasant informal meeting at the home of Mrs. Temple Wednesday afternoon. A food conservation program took the form of recipes contributed by the ladies present.

Mr. and Mrs. A. W. Tower, Mr. and Mrs. Fred Lang, and Mr. and Mrs. Lawrence Ellis, who all attended De Pauw University of Indiana, will go to a banquet to be given by the Alumni Association of that University at the Sierra Madre Club in Los Angeles Thursday evening.

John P. Hilbert of 1519 Vine street has secured a lucrative position with a large power company at Santa Maria and will move his family there as soon as he can find a house. Oil strikes near the city have caused such a rush to the place that houses are unobtainable and it may be necessary for them to build before they can move.

Rev. W. E. Edmonds, who has been visiting for six weeks in various points in the East will return home tomorrow morning, coming from San Francisco on the Owl. He will arrive in Los Angeles at 8:30 o'clock, at which time he will be met by a dozen or more of the officers of the Glendale Presbyterian Church, of which organization he is the beloved pastor.

Glendale friends of Elder E. E. Francis, formerly pastor of the Christian Church here, are rejoicing with him over the birth, February 19, of Robert Milton Francis, weight 9 pounds. Elder Francis is now serving the church at Perry, Mo. His wife was formerly Miss Bertha Lacock and she was a missionary in Porto Rico for several years. She and her good husband have already greatly endeared themselves to the good people of Perry.

Mrs. S. J. Spaulding has been entertaining relatives and old friends from the East, her cousin Dr. McKay and his wife from Arkansas City, Kansas, have been her guests, and Mesdames Martin Flynn, Thomas O'Dea and Mrs. Percival of Des Moines, Iowa, where Mr. and Mrs. Spaulding lived for many years. Mrs. C. E. Harlan of Glendale, who also came from Des Moines, was entertained by Mrs. Spaulding at dinner when her guests were here. These Des Moines ladies were associated with Mrs. Spaulding in philanthropic work in that city and the reunion was an exceedingly pleasant event for all of them.

Beware of bad beginnings. He who does not take the first wrong step will never take the second.

AN S. O. S. FROM HOME

SHOES, STOCKINGS AND CLOTHING NEEDED FOR BOYS AND GIRLS IN GLENDALE

The distributing store maintained on Broadway by the Parent-Teacher Associations and the Tuesday Afternoon Club, was open as usual Wednesday afternoon from 2 to 6. Mrs. E. S. McKee, of the Tuesday Afternoon Club, is chairman of the committee having this work in charge, but she is assisted by others and the ladies who were in attendance on the day mentioned were Mrs. E. L. Young of the Columbus avenue P.-T. A. and Mrs. Fred Myton of the Doran street association.

They stated that they have an abundant supply of dresses for little girls and the clothing disposed along the shelves of the store indicated as much. They also have quite a store of hats, some of excellent quality and style, chiefly for adults, but they very much need clothing for boys from 6 years up. They also need shoes and stockings. They are working in cooperation with the Red Cross and the two organizations help each other.

Any one having clothing of any sort who is willing to donate it or who can contribute shoes and stockings is requested to communicate with the chairman, Mrs. E. S. McKee, Tel. 1423-J. These garments are needed by our home children. Any surplus will be turned over to the Junior Red Cross for its work in preparing clothing for refugee children, and any shoes not good enough for wear as shoes will have their tops removed to be used in lining jackets for army aviators. The soles will be sold to the junk men for old leather. This is a home need and ought to meet with a prompt and immediate response.

RED CROSS NOTES

Wednesday the ladies of the Adventist Church put in an excellent day's work in the hospital garments department under Mrs. Lawrence Ellis. There was an average of 12 to 15 workers all day, some coming in the morning, some in the afternoon. They worked on pajamas and surgical aprons. One lady who is a beautiful buttonhole maker concentrated on those and did quite a wonderful stunt. Three or four of the daughters came in during the afternoon and lent a hand. In this connection Mrs. Ellis has commented on the very beautiful work which has come to her department from the sewing section of the High School. She says the garments are works of art and she is immensely proud when she displays them.

The same report comes from the surgical dressings department. Wednesday a consignment of tailed bandages for external dressings came in from the High School which quite put in the shade all other samples, so said Mrs. Eva Tuft.

Workers in the surgical dressings department were under the instruction of Mrs. Cleveland. The other ladies who worked were Mesdames Edgar Pack, J. E. Cummings, C. B. Wilde, A. L. Lawshe, I. A. Flint, William Brinkman, W. Reynolds, W. M. Kimball, Miss G. Van Pelt, Miss Ruth Whytock, Mesdames Marie G. Field, W. H. McKee, W. N. Stamps, John Tresseder, Edw. Malley, A. R. Hildreth, C. L. Bullard, Mrs. Dorrance and Mrs. Whytock.

Persons in touch with Red Cross work and army movements are quite concerned over the death of nurses and doctors which will soon be experienced all over this country if the war continues, as it seems likely to do. Thousands of physicians and nurses have been enlisted and will soon go forward to camps in this country and to European battlefields. With this prospect, there is urgent need for more information on the part of our civilian population in the best ways of meeting the common emergencies of sickness and accident. Many citizens are alive to the matter and are taking courses in "first aid" and in home nursing, but a much larger number should be equipping themselves for the future, particularly the mothers of young children.

The Glendale Red Cross Chapter has made arrangements for these courses and that there may be no misunderstanding in regard to them and the physicians who have served as instructors, Vice-Chairman Lawshe states that at the last meeting of the Executive Committee of the Chapter it was decided that no classes should be conducted for a fee less than $5, which sum would cover all books and expenses. The doctors who had volunteered to act as instructors at once said they would donate their fees to the local Chapter. The courses are certainly worth that small sum. The Los Angeles and Pasadena Chapters are charging as much or more, and in addition to the invaluable information which will be obtained, each pupil can feel that she is helping the Chapter to the extent of her fee. The Glendale doctors are among our most public-spirited citizens and are always ready to do their part for the common good.

A new supply of Red Cross Service Flags for the window has been received from the Pacific Coast Division at San Francisco. Every member is entitled to one of these banners and any who failed to receive one with the membership card can obtain it by applying at Red Cross Headquarters on Brand boulevard.

VISIT HOWARD McGILLIS

Mrs. J. N. McGillis and Miss Lena Mae Brice went to Fort MacArthur, Wednesday, to visit Howard McGillis, who is a member of Co. 9, Coast Artillery, and who is at present in the hospital with an attack of the measles. They found him up and enjoying the sunshine and able to make good use of the delicacies which they took to him. He had a very light attack of the disease and hopes to be discharged from the hospital in a few days.

They found Winthrop Jackson, who was a member of Co. 9, jubilant at being transferred to the anti-aircraft corps and hopes this means his immediate call to France. He says he expects soon to see his former chum, Hill McGillis, who is now on his way across the water, if he has not already arrived at his destination.

ANNOUNCEMENTS

THE WOMEN AT WORK

The West Glendale W. C. T. U. met Tuesday afternoon at 2:30 at the home of Mrs. Laura Hyatt, 1632 W. Broadway.

Mrs. Maude Smith conducted the devotional services.

Plans were laid for our workers in the big W. C. T. U. war drive which is to take place immediately. This drive is for the purpose of securing ambulances, equipments for the camps and hospitals, and other necessities. Mrs. Wm. Woods was appointed chairman of the West Glendale section in this work.

The annual election of officers was held and dues collected. After the meeting adjourned, light refreshments were served and a social time enjoyed.

ELMER PHILLIPS IN CHINA

Mrs. A. M. Phillips, of 341 East Palmer street, reports that her oldest son, who was injured while working on a ranch at Santa Monica, is now able to walk around and is hopeful that he will soon be quite well again. He was thrown from a horse and suffered concussion of the brain. He is missed on the ranch, where he was in charge of forty men.

Her son Elmer, who is in the 15th Infantry, Company H, and who was for some time stationed at Corregidor, P. I., has been transferred to China for a change, his last letter being dated Tientsin. He found it cold and not so pleasant a place as Corregidor.

NOTICE IN REGARD TO CLEAN-UP WEEK

In response to many requests from those interested in the cultivation of vacant lots, also in the interest of increased food production, the Board of Trustees in regular session, Thursday evening, February 21st, designated the week beginning Monday, February 25th general Clean-up week for Glendale.

The people are urged to clear all vacant lots of brush, tin cans, etc. Burn all combustible matter upon the lots. Place all tin cans, rock, broken pieces of cement, etc., upon parking. Do not place anything in the roadway. City teams will gather all cans, rock, etc., placed on parking during Clean-up week.

(Signed) T. W. WATSON,
148-151-t2 City Manager..

More brains than metal are used in building this

MAXWELL TRUCK

Brains are hard to find and come high, but they are the cheapest in the long run. In a great organization like the Maxwell Motor Company which, in four years, has done a business in excess of $100,000,000, there are many great minds.

These great minds have found a way to make trucks stronger, yet lighter in weight (more thought and less metal went into the truck). These great minds have found ways to build them better, yet at less cost.

That's one reason why you can buy a Maxwell for $400 less than any other truck of similar capacity in the world.

That's one reason why the Maxwell has a verdict of close to 100% perfect from its service record based on the 6600 Maxwell trucks now in use.

GEO. E. CLAYTON

Sunset Glendale 1465 443 S. Brand Blvd., Glendale

LA CANADA

The Old Lady, by Edith Barnard Delano, is quoted as saying: "We've got to show which side we're on, whether we want to or not. There ain't so much as a rabbit hole for us to hide in. What we don't help now, we hinder. What we don't stand for we stand against. What we don't boast, we bang. What we don't give to, we take away from. Why, it's like being alive or being dead. There ain't any middle ground. You're for the government and what it stands for and what it wants or you're against it. And what's more and final, if you work against your government you're a traitor! A traitor! That's a nasty word to hear, but it's a nastier thing to be."

We hear that the big parade at Camp Kearny that was postponed on account of the rain will take place this week.

The Red Cross workroom at the schoolhouse will be open Tuesdays and Fridays of each week for all day work from 10:30 a. m. to 5 o'clock p. m. Come both days and work if you can, or come one day. If you can't come all day, come for a part of a day, or drop in and work for an hour or a half hour. Your help will be welcomed and is needed.

Mrs. R. S. Lea, who has charge of the workroom devoted to sewing, has reported the making of 19 hospital shirts, cut and made in about two weeks. When you realize that it takes one whole piece of muslin to cut 19 shirts, you begin to think of the labor involved. Mrs. Lea was very unassuming about her part, but we heard that she made 14 of them at home herself.

An entertainment will be given at La Canada school auditorium Saturday evening, March 9, for the benefit of the Junior Red Cross Society. The P.-T. A. has given up the usual "Fathers' Night" to aid in this entertainment. Dr. Jessie Russell, state president of the P.-T. A., has promised to assist in the program. There will be literary and musical numbers varied enough to suit the tastes of all. It is hoped that the same generous patronage that has characterized Red Cross affairs given heretofore will be shown to this, the children's first entertainment. A silver offering will be taken. Don't forget the date, Saturday evening, March 9.

Many of La Canada people went up to La Crescenta last Saturday night to the "Odds and Ends" vaudeville show and dance at the school house for the Red Cross benefit. Many words of praise were given for the superior entertainment offered the patrons.

The Improvement meeting which was dated for last Saturday evening was postponed in order to permit all who wished to attend La Crescenta Red Cross benefit a chance to do so. The postponed meeting will therefore be held as usual at the school house Saturday, March 2. Mr. Reddy has charge of the program and has secured Mr. R. E. Chadwick of Los Angeles as the speaker of the evening. Mrs. Max Green, a universal favorite, will give some readings and Miss Elsa Anderson will be heard at the piano. Mr. Reddy will be host to Mr. Chadwick at dinner that night.

Fenton Knight, the new president of the Improvement Association, has been confined to the house by grippe.

La Canada has been the grateful recipient of nearly 9 inches of rainfall in the present rain.

Mr. and Mrs. Stultz, accompanied by their guests, Mr. and Mrs. Bell, had a most delightful ride to the San Fernando Mission last Sunday. It was cold and stormy, but nevertheless refreshing. Mrs. Stultz says the Mission is being rebuilt. Adobe bricks are being made on the spot for use in repair work. You remember the floors, the old bricks? Well, they retain the good parts and replace those too much worn and preserve or continue that old feature. A boys' school will occupy the Mission at its completion. The dormitories will be in the east end, which is finished as far as tinting, frescoing, etc. The work in the chapel is well advanced and the chapel is now closed until it is thrown open for use.

Born—a daughter to Mr. and Mrs. H. L. Hayman, Tuesday, February 19, at Good Samaritan Hospital, Los Angeles. Little Mary Elizabeth weighed 9 pounds. Mother and daughter are doing nicely and will probably be at home March 3.

Mr. and Mrs. Max Green attended the dance opening of the Elks' new home in Glendale, Washington's Birthday.

Dr. Katherine Scott is going soon to Laredo, Texas, to spend a month or two visiting Dr. and Mrs. Lowry, the latter being a classmate of Dr. Katherine's at the Philadelphia Medical School. Imagine the good times those three "medics" will have. Later Dr. Katherine goes east to Massachusetts for the summer.

Glendale High claims Harlan Durand, but so does La Canada. Harlan has again distinguished himself. He and Phillip Wernette took the affirmative on a debate on a limited Chinese immigration. The young men debated against two of Santa Ana's best. The judges were from Occidental and U. S. C. colleges and from Whittier. When Durand and Wernette were announced as the winners a big cheer went up. There's a fine write-up about the debate on page 7 of Glendale Sentinel-Progress of February 22.

The exemption board of which Frank Lanterman is chairman is busy nowadays. S. H. Barnum of La Canada, who was registered elsewhere, has asked through this board to be placed in the Spruce Division of the Aviation Department at Vancouver Barracks, Wash.

You know we are to have the great pleasure of hearing that talented educator, Dr. Jessie Russell, on March 9. The doctor heads the organization of 26,000 mothers. In the Progress of February 22, under the head of Notable Reception, you may read of how Glendale delighted to honor the guest of the P.-T. A. of Glendale.

A meeting of Executive Board of the Farm Bureau was called for Thursday, February 27.

Bear in mind Monday, March 11, 2 p. m. That's the time of the annual election of officers for La Canada Water Co.

The Board of Trustees of La Canada School District has served notice that on March 2 at 10 a. m. at the schoolhouse bids will be opened for a motion picture outfit.

TUJUNGA

Surely this has been a glorious rain and all our pessimistic friends who prophesied a dry season for five years, and others who knew every eleventh year was a dry one and this was it, have come into the ark to get out of the wet, and are prophesying floods. In the Monte Vista Valley we have up to the present time, February 25th, over eleven inches of rain and more coming, which means prosperity for the Valley.

Charles W. Dean left on Wednesday for Brawley for an indefinite stay. He has been in Tujunga nearly five years, and will find the drop from 2000 feet above sea level to more than 100 feet below, quite a change.

There was no meeting of the Red Cross on February 22nd on account of the rain which prevented getting the machines there, also prevented the secretary from going to Pasadena for more work.

Mr. and Mrs. Hartley, who moved to Los Angeles a few months ago, will return again before the first of April. Some of them go away, but they are bound to return.

Miss Emma Kraft received a new garden tractor from her father in Minneapolis on Monday. We shall all be interested in its workings as so many are being used in all large gardens and small tracts.

Mr. Stewart of Stephens Way has been quite ill with grippe, but is improving.

Ben Clark and family are expecting to return to Tujunga the first of May, and Mrs. Shayner is to return about the first of April. Mrs. Smellie, who has occupied her house this winter, will go to Sawtelle.

The monthly social meeting under the auspices of the Board of Trade will be postponed from March 5th till further notice.

The state surveyors are busy resetting the stakes on the highway, preparatory to putting the rocks and cement in place. The recent rains have settled the roads finely so that the roller makes but a small impression. The stone crusher is ready for work and we are all looking anxiously to the finishing of the road.

Ed Greenfield moved his household goods to Los Angeles and will go himself about the first of March.

Mr. E. Darlington has been having an attack of erysipelas but at present writing is better.

Mr. and Mrs. Johnson of Barstow were the guests of Mrs. Johnson's grandparents, Mr. and Mrs. Trout.

BUY THRIFT STAMPS

—and help keep the Torch of Liberty burning.

The savings of every man, woman and child are necessary if we are to hasten the victorious ending of the war. War Savers are Life Savers.

START WITH A QUARTER TODAY

A single strand in the cables which uphold the Brooklyn Suspension Bridge is weak in itself, but united with thousands of other strands upholds one of the great thoroughfares of the world. Your Thrift Stamp is like the single strand. Get a card and start—today.

SMITH COLLEGE GIRLS DOING WONDERFUL WORK

WITH THE FRENCH ARMIES IN THE FIELD, Jan. 1. (By Mail.)—To have a serious motor breakdown on a lonely French country road, to walk across fields and through a brambled enclosure, where German barbed wire still remains, and to walk into the back yard of what appeared from a distance to be a beautiful chateau is one thing—but to find the chateau yard filled with small wooden barracks and these barracks inhabited by nineteen Smith college girls from the United States, is another.

Entering the back yard of what is now more properly the headquarters of Smith college relief work in France, the first figure to be seen was that of a young woman, hands smeared with grease, rough overgarments well anointed with both mud and oil and a dab of one or the other streaked over a cheek and stub nose of her pretty face. She was making repairs on "flivver autotruck." And she was Miss Margaret Wood, of Pasadena, Cal., chauffeuse and nurse to children in the war zone. The flivver, which was normally used to carry household goods, beds, bedding, kitchen-ware, clothing and many other things desperately needed by French folks living in nineteen nearby ruined villages—had been out of fix for some time. The repairs were brought from America by Miss Frances Valentine, of Washington, D. C., the last and nineteenth Smith girl to join the camp.

Two more girls next appeared. They were Miss Lucy Mather, Hartford, Conn. and Miss Ruth Gaines, New York City. Loaded down with ticking bags, each the size of a flour sack, they were starting out for the nearest village. The bags contained outfits of clothing for babies and aged women, some of the very few harity cases that come under the care of the Smith girls. For most of the village folk have money and prefer to buy their needs. This money can be spent only either at the small store in one of the small barracks at the chateau yard or during the biweekly "sale trip" of the Smith girls' motor trucks through the villages. The French government has authorized the American girls to bring their goods into the area and dispose of them in their own way. This area is one of the most smashed in the war zone. Whole villages are merely groups of half standing walls or crumbled stone piles just as the Germans left them after their retreat from the Somme. The very young and very old remain living in half patched ruins, cellars or anywhere that provides shelter. The middle-aged and youth are still where the Germans deported them before the retreat—no one knows.

When the Germans came to these thrifty agricultural communities the villagers buried their money. French villagers seldom trust banks. When the enemy left they dug it up again. So today it is a case of the family wealth without the family home. The mayor of one village buried sixteen pounds of coin, much of it gold, but he was glad to buy an expensive suit of clothes from the American girls for a dollar a few days ago. The suit was worth sixty and was one of sixteen slightly worn shipped to the girls by Joseph Dodge, Simsbury, Conn., millionaire. The mayor's pride wouldn't let him accept it as a gift. It's the same pride that allows the sale of beds, blankets, stoves, kitchen ware and other wares at half or third the actual price.

Throughout all the villages the Smith girls have only found one woman who refused to buy blankets because they weren't white and real flannel. But they have dozens of cases on record where women declined to buy because if they bought their neighbor, who needed things worse, would have to wait a week or a month until a new supply arrived.

Each of the nineteen Smith girls has a village to look after. Ailing children are sent to the Chateau yard dispensary.

Among those not already mentioned who are braving the deep mud and daily hardships of the war-swept Somme to help humanity believe that there is something still left in life are Dr. Alice Weld Tallant, of Philadelphia, directrice of the work and assisted by Dr. Maud Kelly, also of Philadelphia, Miss Lucy Mather, of Hartford, Conn., secretary, and Misses Marie Wolfs, Newark, N. J., Anne Chapin, Springfield, Mass., Millicent Lewis, Irvington, N. Y., Catherine Hooper, Montclair, N. J., Marjorie Carr, Cleveland, O., Ruth Joslin, Chicago, Marion Bennett, Cambridge, Mass., Elizabeth Bliss, Worcester, Mass., Elizabeth Dana, Worcester, Mass., Alice Leavens, Boston, Harriet Hawse, Hanover, N. Y., and Miss Fahenstock, Dorst, Vt.

"SPEED SHIPBUILDING," URGED BY DR. GARFIELD

Fuel Administrator Garfield has issued the following statement:

Ships can not move without coal, neither can coal move without ships. We must have ships to carry freight away from the seaboard terminals or coal will be tangled up again as it was three weeks ago—tangled up with outbound freight and unable to reach the ships waiting for fuel to enable them to carry out cargoes from the congested tracks. With plenty of ships to keep the terminals clear we shall be able to move coal to the places where it is most needed and we shall have coal enough to move. In fact, the faster we move it the faster we can produce it, for the mines load directly from tipple to car and when there are no cars they halt their output, for bituminous coal can not be stored at the mines. Every man, woman, and child in the United States has had at least a touch of war hardship through the interruption of the coal supply. We all know now that more hardship will recur unless we remedy the fundamental conditions. That means that we are all interested in building ships. Do everything you can to speed shipbuilding for your own comfort, for your own safety, for the honor of the United States, to enable this country to bear its share of the burden of the war.

SUNSET 428 PHONES HOME 2233

ROBINSON BROS. TRANSFER AND FIRE-PROOF STORAGE CO.

We do crating, packing, shipping and storing, Trunks and baggage hauled to all points. All kinds of moving work.

604-606 S. Brand Boulevard, Glendale
